### SUBDIVISION IMPROVEMENT AGREEMENT

THIS SUBDIVISION IMPROVEMENT AGREEMENT ("Agreement") is made and entered into as of November 5, 2024, by and between PRESIDIO JJR GRANITE HILLS 72, LLC, and PRESIDIO JJR STONEBROOK 93, LLC, hereinafter referred to as the "Subdivider," and the COUNTY OF TULARE, a political subdivision of the State of California, hereinafter referred to as the "County." Subdivider and County are each a "Party" and together are the "Parties" to this Agreement, which is made with reference to the following:

- A. The Subdivider has filed with the Board of Supervisors the Final Map for Subdivision TSM 23-001 (the "Subdivision" or "Project") for approval.
- B. The land that is the subject of said Subdivision is identified as Tulare County Assessors' Parcel Number 073-060-048 and is described and depicted in the attached **Exhibit A** (the "Land").
- C. Per Condition No.'s 3, 6, 9, 15 and 16 established by COUNTY Planning Commission Resolution No. 10097, approving the Tentative Subdivision Map for Tract No. 23-001, certain public improvements including but limited to curb, gutter, sidewalk, and storm drainage system are required to be made by the Subdivider in said Subdivision in accordance with the approved Tentative Map of said Subdivision and said public improvements have not been completed.

If said public improvements have not been completed, Section 66462 of the Government Code provides that as a condition precedent to the approval of the Final Map, the Board of Supervisors shall require the Subdivider to enter into an agreement to complete said improvements.

NOW, THEREFORE, THE PARTIES AGREE as follows:

1. The Subdivider hereby agrees to complete all required public improvements in the Subdivision in accordance with the conditions of approval of the Subdivision (the "Improvements") and the requirements and standards set forth in Section 7-01-1000 through 7-01-2855 of the Ordinance Code of Tulare County (the "Improvement Plans") as said requirements and standards read at the time of approval or conditional approval of the Tentative Map of said Subdivision.

2. All of the required Improvements shall be completed not later than twelve (12) months from and after the date first above written. If the Improvements are not completed on or before said date, then County shall have the right, but not the obligation, to complete the Improvements at Subdivider's expense, including use of the security furnished by Subdivider hereunder.

3. The Subdivider shall make all necessary arrangements for the relocation of all overhead and underground public utility facilities that interfere with the improvement work to be performed by the Subdivider. The Subdivider shall also make necessary arrangements with the serving public utility company for the costs of relocating such facilities as no portions of the relocation costs will be paid by the County.

4. The Subdivider shall repair any damage to public streets or any other public property or improvements which results from or is incidental to the construction of the required Improvements in said Subdivision or, in lieu of making such repairs, the Subdivider shall pay to the County the full cost of making such repairs.

5. County shall not be responsible or liable for the maintenance or care of the Improvements until County formally approves and accepts them in accordance with its policies and procedures. County shall exercise no control over the Improvements until approved and accepted. Any use by any person of the Improvements, or any portion thereof, shall be at the sole and exclusive risk of the Subdivider at all times prior to County's acceptance of the Improvements. Subdivider shall maintain all the Improvements in a state of good repair until they are completed by Subdivider and approved and accepted by County. Maintenance shall include, but shall not be limited to, repair of pavement, curbs, gutters, sidewalks, signals, parkways, water mains, and sewers; maintaining all landscaping in a vigorous and thriving condition reasonably acceptable to County; removal of debris from sewers and storm drains; and sweeping, repairing, and maintaining in good and safe condition all streets and street improvements. It shall be Subdivider's responsibility to initiate all maintenance work, but if it shall fail to do so, it shall promptly perform such maintenance work when notified to do so by County. If Subdivider fails to properly prosecute its maintenance obligation under this Section 5, then County may do all work necessary for such maintenance and the cost thereof shall be the responsibility of Subdivider and its surety under this Agreement. County shall not be responsible or liable for any damages or injury of any nature in any way related to or caused by the Improvements or their condition prior to acceptance. Notwithstanding the above, Subdivider shall make available for public use any streets, curbs, gutters, sidewalks or walkways, streetlights, street furniture, storm drain improvements, fire hydrants, and any other facilities intended for general public use, which are installed, altered or affected by the work, as soon as they can be safely placed in service.

6. Approval of this Agreement by County does not release Subdivider of its responsibility to correct mistakes, errors, or omissions in the Improvement Plans. If, at any time, in the opinion of the County Public Works Director or his or her designee, in his or her reasonable discretion, the Im-

provement Plans are deemed inadequate in any respect Subdivider agrees to make such modifications, changes or revisions as necessary in order to complete the work in a good and workman-like manner in accordance with this Agreement.

7. Subdivider shall fully comply with all federal, state, and local laws, ordinances and regulations, including the Subdivision Ordinance, in the performance of this Agreement. Subdivider shall, at its own cost and expense, obtain all necessary permits and licenses for the work, give all necessary notices, pay all fees and taxes required by law and make any and all deposits legally required by those public utilities that will serve the development on the said Land. Copies and/or proof of payment of said permits, licenses, notices, fee and tax payments and deposits shall be furnished to the County Public Works Director or his or her designee upon request.

8. The Subdivider agrees to hold harmless, defend and indemnify the County and its officers and employees from any claims, liabilities, losses, penalties, injuries, awards, damages, attorneys' fees and related costs and expenses of any kind or nature (collectively, "Claims") arising out of this Agreement or alleged to have been caused by or arisen out of the work performed by the Subdivider or any of Subdivider's contractors, subcontractors, agents, officers, or employees pursuant to this Agreement. The aforementioned indemnity shall apply regardless of whether or not County has prepared, supplied, or approved plans and/or specifications for the work or improvements and regardless of whether any insurance required under this Agreement is applicable to any Claims. The County does not and shall not waive any of its rights under this indemnity provision because of its acceptance of the bonds or insurance required under the provisions of this Agreement. Subdivider's obligation to indemnify County shall survive the expiration or termination of this Agreement.

9. Before approval of this Agreement by County, Subdivider must file with the Tulare County Public Works Director or his or her designee evidence of the required insurance coverage as set forth in the attached **Exhibit B**.

10. The Subdivider or his Contractor(s) shall obtain an encroachment permit from the County or State for any work that is to be done within any County or State maintained road right of way or easements that are located outside of the boundary of said Subdivision.

11. The Subdivider agrees to furnish security which complies with Section 66499 et seq. of the Government Code, in such amounts as are fixed by the Board of Supervisors of the County, to guarantee the faithful performance of this Agreement and to guarantee payment to contractors, subcontractors, laborers, materialmen and other persons employed in the performance of the work under this Agreement at the time of execution of this Agreement.

12. Within thirty (30) days after the Subdivider notifies the Tulare County Public Works Director or his or her designee that the required work has been completed, the Tulare County Public Works Director or his or her designee shall inspect such work and, if such has been performed in the required manner, he or she shall advise the Board of Supervisors that the public improvements

are complete and are ready for acceptance by the County. Subdivider hereby grants permission to the County or its authorized agents to enter upon the Land for the purpose of inspection of any and all improvements to be constructed or installed under this Agreement.

13. Inspecting of the work and/or materials, or approval of work and/or materials, or a statement by an officer, agent or employee of the County indicating the work complies with this Agreement, or acceptance of all or any portion of the work and/or materials, or payments thereof, or any combination of all of these acts shall not relieve Subdivider of its obligation to fulfill this Agreement; nor is the County by these acts prohibited from bringing an action for damages arising from the failure to comply with this Agreement.

14. Without limiting the foregoing, Subdivider expressly warrants and guarantees all Work and all materials used in the work for a period of one year after the date of recordation of the notice of acceptance of the Improvements in accordance with Section 12. If, within this one-year period, any Improvement or part of any Improvement installed or constructed, or caused to be installed or constructed by Subdivider, or any of the work, fails to fulfill any of the requirements of the Improvement Plans or this Agreement, Subdivider shall, without delay and without cost to County, repair, replace or reconstruct any defective or otherwise unsatisfactory part or parts of the work or Improvement to the satisfaction of the County Public Works Director or his or her designee. Should Subdivider fail to act promptly or in accordance with this requirement, or should the exigencies of the situation require repairs, replacements or reconstruction to be made before Subdivider can be notified, County may, at its option, make the necessary repairs, replacements or perform the necessary reconstruction and Subdivider shall pay to the County upon demand the actual cost of such repairs, replacements or reconstruction plus 25 percent.

15. Subdivider shall furnish and deliver a warranty bond in the amount of ten percent of the value of the Improvements upon acceptance and final approval of the Improvements and prior to release of the entirety of the Performance Bond. The bond shall be in a form acceptable to the County Counsel and shall guarantee and warranty the work for a period of one year following the date of recordation of the notice of acceptance of the Improvements against any defective work or labor done, or defective materials furnished.

16. Neither Subdivider nor Subdivider's contractors, subcontractors, agents, officers, or employees are agents, partners, joint venturers, or employees of County, and the Subdivider's relationship to the County, if any, arising herefrom is strictly that of an independent contractor. Subdivider's contractors and subcontractors are exclusively and solely under the control and dominion of Subdivider. Further, there are no intended third-party beneficiaries of any right or obligation assumed by the Parties under this Agreement.

17. This Agreement is binding on all heirs, assigns, and successors in interest. No assignment of this Agreement may be made without the express written consent of the County.
