**Proposal #33098**

## About Sales Tax

Items sold by Development Group, Inc. ("DGI") and shipped to destinations in California are subject to sales tax.

If an item is subject to sales tax in the state to which the order is shipped, tax is generally calculated on the total selling price of each individual item. In accordance with state tax laws, the total selling price of an order will generally include shipping and handling charges and item-level discounts. The amount of tax charged on your order will depend upon many factors including, but not limited to, the type of item(s) purchased, and the source and destination of the shipment. Factors can change between the time you place an order and the time and invoice is sent, which could affect the calculation of sales taxes. The amount appearing on your proposal as 'Estimated Sales Tax' may differ from the sales taxes ultimately charged.

## About Product Returns

Consistent with the terms and conditions of the California Multiple Award Schedules (CMAS) General Provisions for Information Technology, you are required to provide written notice of rejection of products delivered or services performed within a reasonable time after receipt of such products or the performance of such services. Such notice of rejection is required to state the respect in which the products do not substantially conform to your specifications. If you do not provide such notice of rejection within FIFTEEN (15) days of delivery for purchases of Commercial Hardware or Commercial Software or THIRTY (30) days of delivery for all other purchases, such products and services will be deemed to have been accepted. Your acceptance will be final and irreversible, except as it relates to latent defects, fraud, or gross mistakes amounting to fraud.
