## List of Emergency Repair Projects/Contracts

| Contract work       |              |                                  |                 |   |   |   |
|---------------------|--------------|----------------------------------|-----------------|---|---|---|
| Agreement No.       | Work Type    | Contractor Name                  | Contract Amount | Location  | Description of Work   | Status  |
| PA13374 & PA13374-A | T&M Contract | Agee Construction                | \$400,000       | Various   | Operated equipment and necessary support staff to assist with the stabilization of failing roadways, shoulder, levees, culverts, and bridge approaches at the direction of county staff.                        | Complete  |
| PA13375 & PA13375-A | T&M Contract | Vollmer Excavation, Inc          | \$100,000       | Various   | Operated equipment and necessary support staff to assist with the stabilization of failing roadways, shoulder, levees, culverts, and bridge approaches at the direction of county staff.                        | Complete  |
| PA13377             | T&M Contract | Don Berry Construction           | \$300,000       | Various   | Operated equipment and necessary support staff to assist with the stabilization of failing roadways, shoulder, levees, culverts, and bridge approaches at the direction of county staff.                        | Complete  |
| PA13412             | T&M Contract | Greg Bartlett Construction, Inc. | \$250,000       | Various   | Operated equipment and necessary support staff to assist with the stabilization of failing roadways, shoulder, levees, culverts, and bridge approaches at the direction of county staff.                        | Complete  |
| PA13449             | Contract     | Teichert Construction Co.        | \$504,560       | Rd 256 over Deer Creek (Location 46)  | Emergency bridge repair (foundation stabilization) and temporary road rehabilitation at the southern bridge approach.   | Complete  |
| PA13450             | Contract     | Teichert Construction Co.        | \$897,280       | M109 over White River Bridge (Location 34)  | Emergency bridge repair (foundation stabilization) and temporary road rehabilitation at the southern and northern bridge approaches.  | Complete  |
| PA13451             | Contract     | Teichert Construction Co.        | \$596,075       | Rd 224 over Deer Creek (Location 109)   | Emergency bridge repair (foundation stabilization) and temporary road rehabilitation at the southern bridge approach.   | Complete  |
| PWM23003            | Contract     | Dawson-Mauldin                   | \$94,818        | Pratt St. (Rd 96) over Tule River (Location 181)  | Bridge repair and temporary road rehabilitation at the southern bridge approach. Reinforcing foundation with rocks to prevent future erosion, sealing up eroded areas underneath bridge abutment and wingwalls. | Complete  |
| PWM23004            | Contract     | Agee Construction                | \$1,492,998     | M375A Mineral King Rd from State Route 198 to Sequoia Gate (Locations 132, 241, 242, & 118) | Temporary repairs at 43 locations along Mineral King Road where road and shoulders have washed out. Construct temporary bridge structure and repair pipe/culverts.  | Complete. Remains closed to through traffic due to National Park Service repair work. |
| PWM23002            | Contract     | Romanazzi General Engineering    | \$868,840       | Road 248 over Deer Creek (Location 44)  | Bridge (northern structure) and culvert (southern structure) repair and road reconstruction. Reinforcing channel and around structures with rock slope protection.  | Complete  |
| PWM23007            | Contract     | Granite Construction Company     | \$612,343       | M137 (Reservation Dr) (Location 5)  | Repair various locations along Reservation Dr. where road and shoulders have washed out. Additional slope stabilization and temporary roadway widening required to install damaged sewer main line.             | Complete  |
| PWM23006            | Contract     | Agee Construction Corporation    | \$1,262,449     | M208A Wishon Drive from milepost 0 to milepost 4.23 (Location 192)                          | Repair various locations along Wishon Dr. where road and shoulders have washed out. Construct temporary bridge structure and repair pipe/culvert.   | Complete  |
| PWM23005            | Contract     | Remedial Transportation Services | \$1,589,825     | M216 Redwood Dr from milepost 1.5 to End (Location 183)                                     | Repair various locations along Redwood Dr. where road and shoulders have washed out. Repair damage pipe/culverts.   | Complete  |
| PWM23008            | Contract     | Remedial Transportation Services | \$361,024       | Ferguson Drive & Mariposa Drive (Locations 193 & 194)                                       | Repair various locations along Mariposa Drive where road and shoulders have washed out. Repair damaged pipe/culverts.   | Complete  |
| PWM23009            | Contract     | Remedial Transportation Services | \$3,725,707     | Balch Park Rd & Bear Creek Rd (Location 318)  | Repair and stabilize road and shoulders that have been washed out or damaged by fallen debris and/or rocks at Bear Creek from approximately MP 8 to MP 17 and Balch Park from approximately MP 37 to MP 38.     | Complete  |
| PWM23014            | Contract     | G & J Heavy Haul, Inc.           | \$43,868        | M3 (Old Stage Road) from Mile Post 1 to Mile Post 5.5 (Location 265)                        | Remove boulder obstructing roadway.   | Complete  |
| PWM23010            | Contract     | Agee Construction Corporation    | \$1,954,979     | M172A (Globe Dr) (Locations 1, 8, & 145)  | Repair damaged bridge structures at Upper and Lower Globe Dr. Repair damaged section of roadway located south of Upper Globe Dr. bridge.  | Complete  |

| Agreement No. | Work Type | Contractor Name                       | Contract Amount | Location   | Description of Work   | Status  |
|---------------|-----------|---------------------------------------|-----------------|--|---|---|
| PWM23011      | Contract  | Romanazzi General Engineering         | \$981,055       | Pierce Valley Drive, Eshom Valley Drive, and Whitaker Forest Road (Locations 185, 195, & 303)        | Repair and stabilize road and shoulders that have been washed out or damaged by fallen debris and/or rocks. Repair culvert washouts to establish access to traffic.   | Complete  |
| PWM23017      | Contract  | Yarbs Grading and Paving, Inc.        | \$1,627,547     | M107 (Western Divide Hwy) @ milepost 5.5 (Location 274)  | Repair slope failure to preserve road access.   | Complete  |
| PWM23016      | Contract  | Remedial Transportation Services, Inc | \$292,437       | D60 Bridge at Cross Creek (Location 322)   | Replace damaged bridge approach to restore access to traffic across the structure.  | Complete  |
| PWM23013      | Contract  | Remedial Transportation Services      | \$496,292       | M276 Blue Ridge Road from M276 (Balch Park Road) to end (Location 256)                               | Repair various locations along M276 Blue Ridge Road where road and shoulders have washed out. Repair/unplug damaged pipe/culverts.  | Complete  |
| PWM23012      | Contract  | Agee Construction Corporation         | \$961,106       | M112 at MP 2.2 (Location 162)  | Replace damaged bridge structure at MP 2.2. Temporary bridge structure required while the permanent structure is designed/constructed (Permanent structure anticipated completion Spring 2028). Repair various locations along M112 where road and shoulders have washed out. Repair damaged pipe/culverts. | Complete  |
| PWM23015      | Contract  | Cal Valley Construction, Inc.         | \$978,260       | Ave 404 Bridge over Cottonwood Creek (Location 23)   | Replace damaged bridge structure. Temporary bridge structure required while the permanent structure is designed/constructed (Permanent structure anticipated completion Spring 2028).   | Complete  |
| PWM23018      | Contract  | Agee Construction Corporation         | \$1,993,325     | Various  | Provide temporary asphalt surfacing to areas of damaged county roadways that have received temporary stabilization efforts by County forces and Contract Work.  | Complete  |
| PWM23019      | Contract  | Remedial Transportation Services      | \$1,636,017     | M99 (Location 16)  | Repair various locations along M99 where road and shoulders have washed out. Repair damaged pipe/culverts.  | Complete  |
| PWM230020     | Contract  | Remedial Transportation Services      | \$256,422       | Ave 280 west of Rd 176 at Outside Creek (Location 104)   | Repair road approaches due to scouring underneath and behind bridge abutments.  | Complete  |
| PWM23020      | Contract  | American Paving Co.                   | \$2,858,840     | M46 (Oakwood Ct) at Capinero Creek (Location 20)   | Replace damaged bridge structure.   | <b>Construction started mid-December 2023 and will be completed by summer 2024.</b> |
| PMW230021     | Contract  | Remedial Transportation Services      | \$231,416       | Road 168 over St. John's River (Location 247)  | Repair scour damage at bridge piers (piles exposed up to 75% of their total length) to ensure structural stability of bridge until permanent rehab or replacement project can be completed.   | Complete  |
| TBD           | Contract  | TBD                                   | TBD             | M296 (Yokohl Dr) (Locations 186, 258, & 259)   | Repair various locations along Yokohl Dr. where road and shoulders have washed out. Repair damaged pipe/culverts.   | Temporary repair completed. Permanent repair project needed.                        |
| TBD           | Contract  | TBD                                   | TBD             | Ave 56 from SR 43 BSNF Railroad (Location 224)   | Elevated existing road to maintain access to the community of Alpaugh. Alternative for permanent roadway currently being evaluated.   | Temporary elevated access road has been completed. Permanent repair project needed. |
| TBD           | Contract  | TBD                                   | TBD             | M348 (South Fork Dr) south of LA347 (Blossom Dr) "Connelly" Bridge over Kaweah River (Location 10)   | Pavement repairs, guardrail repairs, possible revisions to pipes and box culvert.   | Temporary repair completed. Permanent repair project needed.                        |
| TBD           | Contract  | TBD                                   | TBD             | M357 north of M363A "Bailey" Bridge over North Fork of the Kaweah River at milepost 3.5 (Location 3) | Slope protection, paving, and guardrail replacement.  | Temporary repair completed. Permanent repair project needed.                        |
| TBD           | Contract  | TBD                                   | TBD             | M56 (Manter Meadows) at Capinero Creek (Location 19)   | Replace culvert crossing and concrete headwalls at Manter Meadows over Capinero Creek.  | Temporary repair completed. Permanent repair project needed.                        |

Project Title: **Emergency Road and Bridge Repairs Related to March 2023 Storm Event Damages**

Project Location: Various roads and bridges located throughout Tulare County as per Attachment "A"

Project Location County: Tulare

**Description of Nature, Purpose, and Beneficiaries of Project:** The County of Tulare (County) experienced a series of rainstorms (atmospheric rivers) beginning in January of 2023, causing significant and widespread flooding and damage to critical transportation infrastructure. The Resource Management Agency (RMA) staff has identified over 225 locations, including three bridges, in need of critical emergency repairs as a result of the March 2023 storm events.

**Exempt Status:** (check one)

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared **Emergency (PRC Sec. 21080(b)(3); California Code of Regulations, Sections 15269(a) and (c));**
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Common Sense Rule: CEQA guidelines 15061(b)(3)
- Categorical Exemption:
- Statutory Exemptions:

**Reasons why project is exempt:** This activity/project is intended and necessary to protect the health and safety of the public through the construction of replacement bridges and roads (as noted earlier) due to severe damage caused by catastrophic floodwater flows during March 2023. Title 14 of the California Code of Regulations (CCR), section 15269, sets forth emergency projects that are exempt from the requirements of the California Environmental Quality Act (CEQA). California Governor Gavin Newsom proclaimed a State of Emergency on March 4, March 8, and March 13, 2023, which included Tulare County. President Joseph R. Biden, Jr., declared an emergency for the State of California on March 10, 2023, for the California counties consistent with Governor Newsom's proclamations. Lastly, the Tulare County Board of Supervisors (Board) proclaimed a Local Emergency due to Winter Storms and Flooding March 9, 2023. As noted above, the President, Governor, and Board of Supervisors all declared emergencies due to the severe damage caused by catastrophic flooding. At their meeting of May 16, 2023, the Board approved Resolution No. 2023-0424 The construction of the new replacement bridges and roads fall within the scope of CCR sections 15269 (a) and (c) as they are specific actions necessary to prevent or mitigate an emergency. As such, the activity/project is exempt from the California Environmental Quality Act (CEQA) pursuant to Title 14 California Code of Regulations, section 15269 (Emergency). Therefore, the application of CEQA sections 15269 (a) and (c) are applicable and appropriate for this project.
