Differential Response Pre Services shall be provided voluntarily or by referral if necessary, and shall not exceed six months unless approved so by CWS. Supportive services under Post Services may be provided to a child that is removed from their home and placed in a foster family home or a child care institution, and to the parents or primary caregiver of such a child, in order to facilitate the reunification of the child, safely, appropriately and in a timely fashion during the 15 month period that begins on the date the child is considered to have entered foster care.
