SUBJECT: Approve the Measure R Program Supplement for Advance of FY 24-25 Local Funds

REQUEST(S):

That the Board of Supervisors:

1. Approve the Measure R Program Supplement to Cooperative Agreement with the Tulare County Association of Governments, acting as the Local Transportation Authority, for an advance in an amount not to exceed the County of Tulare's projected Fiscal Year 24/25 Local Measure R revenue.
2. Authorize the Chair to sign the Agreement.
3. Direct the Resource Management Agency to provide a signed copy of the agreement to the Clerk of the Board.

SUMMARY:

On May 22, 2007, Tulare County (County) entered into an agreement (Tulare County Agreement No. 23149) with the Tulare County Association of Governments (TCAG) to utilize revenue collected under Measure R for local and regional transportation projects. The application of these funds to a particular project requires an agreement between the County and TCAG in the form of a Program Supplement.

The purpose of this Program Supplement is to receive a full advance of the estimated fiscal year 24/25 Local Measure R funds (approximately \$8 million). The County of Tulare's Local Measure R fund estimate is derived annually by TCAG for budgeting purposes and is based on projected tax receipts. The advance will be offset monthly throughout the 2024/25 fiscal year with actual Measure R Local allocations due to the County from TCAG. The March 2023 storms have created a tremendous need for cash to fund emergency and long-term recovery road repair projects. The advance of these

funds will help to prevent cash flow constraints that could affect timely project delivery.

The following deviates from County contract protocol: the County signs first.

FISCAL IMPACT/FINANCING:

No net County cost to the General Fund.

The approximately \$8 million advance will be offset monthly throughout the 2024/25 fiscal year with actual Measure R Local allocations due to the County from TCAG. Project expenses described above related to recovery from the March storms are funded through the Road fund and are also expected to be heavily subsidized with Federal and State disaster assistance.
