Subject: Update on Vendor and Continuing GWSS Treatments

Dear Christopher and County Counsel,

The following letter is to address the concerns on the Merger of RES COM Pest Control with Orkin Services of California, Inc.

#### CHANGE OF OWNERSHIP

Orkin has purchased all goodwill and assets from Taylor Brothers, Inc. dba RES COM Pest Control as of January 30, 2025. Orkin did not buy the Corporation just its assets. Orkin will continue to lease the RES COM Corporate Office and Service Center from Taylor Properties. RES COM Pest Control is becoming a sister company of Orkin so the only thing that is changing is the DBA. RES COM Pest Control will continue to be developed through out the Central Valley. Matt Taylor ( Co - Owner Mark Taylor's son ) will be the Branch Manager and all employees, from the service technicians to the office staff are continuing to provide the quality services that all in the Valley have been accustomed to. Matt has been instrumental over the years servicing this GWSS Agreement. We have previously provided the new W-9 and the RES COM / Orkin letter. I have attached that documents again on this email.

#### TULARE COUNTY AGREEMENT # 30721 - TREATMENT FOR THE GLASSY WINGED SHARPSHOOTER

Orkin Services of California, Inc. will take on all aspects of the above named Agreement effective immediately. This includes all liability, contract obligations, responsibilities, etc. Orkin has provided a certificate of insurance which includes the required limits and more for liability, auto and workers compensation insurance. A copy of this has been provided to the County as required. I have also attached a copy to this email as well.

RES COM Pest Control has been a leader in the treatment process for the GWSS since June of 2000 for the County of Tulare. Our team at RES COM and the management team at Orkin will to continue to provide the same quality service.

I will be here through July of 2025 to assist this transition with my team and the Orkin team. If there is any other information or documentation you may need, please let me know.

Sincerely,

Tony H. Taylor
