Agency must promptly provide Axon with written notice of such claim, tender to Axon the defense or settlement of such claim at Axon's expense and cooperate fully with Axon in the defense or settlement of such claim. Axon's IP indemnification obligations do not apply to claims based on (a) modification of Axon-manufactured Devices or Services by Agency or a third-party not approved by Axon; (b) use of Axon-manufactured Devices and Services in combination with hardware or services not approved by Axon; (c) use of Axon Devices and Services other than as permitted in this Agreement; or (d) use of Axon software that is not the most current release provided by Axon.

Only if terminating for non-appropriation, Agency may return Axon Devices to Axon within 30 days of termination. MSRP is the standalone price of the individual Axon Device at the time of sale. For bundled Axon Devices, MSRP is the standalone price of all individual components.
17. **Confidentiality.** "**Confidential Information**" means nonpublic information designated as confidential or, given the nature of the information or circumstances surrounding disclosure, should reasonably be understood to be confidential. Each Party will take reasonable measures to avoid disclosure, dissemination, or unauthorized use of the other Party's Confidential Information. Unless required by law, neither Party will disclose the other Party's Confidential Information during the Term and for 5 years thereafter. To the extent permissible by law, Axon pricing is Confidential Information and competition sensitive.  - d. **"Personal Data"** means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.
2. **Access.** Upon Axon granting Agency a subscription to Axon Cloud Services, Agency may access and use Axon Cloud Services to store and manage Agency Content. 3. **Agency Owns Agency Content.** Agency controls and owns all right, title, and interest in Agency Content. Except as outlined herein, Axon obtains no interest in Agency Content, and Agency Content is not Axon's business records. Agency is solely responsible for uploading, sharing, managing, and deleting Agency Content. Axon will only have access to Agency Content for the limited purposes set forth herein. Agency agrees to allow Axon access to Agency Content to (a) perform troubleshooting, maintenance, or diagnostic screenings; and (b) enforce this Agreement or policies governing use of the Axon products.
4. **Security.** Axon will implement commercially reasonable and appropriate measures to secure Agency Content against accidental or unlawful loss, access or disclosure. Axon will maintain a comprehensive information security program to protect Axon Cloud Services and Agency Content including logical, physical access, vulnerability, risk, and configuration management; incident monitoring and response; encryption of uploaded digital evidence; security education; and data protection. Axon agrees to the Federal Bureau of Investigation Criminal Justice Information Services Security Addendum.
5. **Agency Responsibilities.** Agency is responsible for (a) ensuring Agency owns Agency Content; (b) ensuring no Agency Content or Agency end user's use of Agency Content or Axon Cloud Services violates this Agreement or applicable laws; and (c) maintaining necessary computer equipment and Internet connections for use of Axon Cloud Services. If Agency becomes aware of any violation of this Agreement by an end user, Agency will immediately terminate that end user's access to Axon Cloud Services.
 - a. Agency will also maintain the security of end usernames and passwords and security and access by end users to Agency Content. Agency is responsible for ensuring the configuration and utilization of Axon Cloud Services meet applicable Agency regulation and standards. Agency administrators can manage their choice to use this service within the administrative features of Axon Cloud Services. If Agency chooses to use this service, Axon must also enable the usage of the feature for Agency's Axon Cloud Services tenant. Agency will not see this option with Axon Cloud Services unless Axon has enabled Wi-Fi Positioning for Agency's Axon Cloud Services tenant. When Wi-Fi Positioning is enabled by both Axon and Agency, Non-Content and Personal Data will be sent to Skyhook Holdings, Inc. ("**Skyhook**") to facilitate the Wi-Fi Positioning functionality. Data controlled by Skyhook is outside the scope of the Axon Cloud Services Privacy Policy and is subject to the Skyhook Services Privacy Policy.
8. **Storage.** For Axon Unlimited Device Storage subscriptions, Agency may store unlimited data in Agency's Axon Evidence account only if data originates from Axon Capture or the applicable Axon Device. Axon may charge Agency additional fees for exceeding purchased storage amounts. Axon may place Agency Content that Agency has not viewed or accessed for 6 months into archival storage. Agency Content in archival storage will not have immediate availability and may take up to 24 hours to access.
9. For Third-Party Unlimited Storage the following restrictions apply: (i) it may only be used in conjunction with a valid Axon's Evidence.com user license; (ii) is limited to data of the law enforcement agency that purchased the Third-Party Unlimited Storage and the Axon's Evidence.com end user or Agency is prohibited from storing data for other law enforcement agencies; and (iii) Agency may only upload and store data that is directly related to: (1) the investigation of, or the prosecution of a crime; (2) common law enforcement activities; or (3) any Agency Content created by Axon Devices or Evidence.com.

During Agency's Axon Records Subscription Term, if any, Agency will be entitled to receive Axon's Update and Upgrade releases on an if-and-when available basis.
 - a. The Axon Records Subscription Term will end upon the completion of the Axon Records Subscription as documented in the Quote, or if purchased as part of an OSP 7 or OSP 10 bundle, upon completion of the OSP 7, OSP 10 Term ("**Axon Records Subscription**")

 - d. use trade secret information contained in Axon Cloud Services, except as expressly permitted in this Agreement;
 - e. access Axon Cloud Services to build a competitive device or service or copy any features, functions, or graphics of Axon Cloud Services;

 - g. use Axon Cloud Services to store or transmit infringing, libelous, or other unlawful or tortious material; to store or transmit material in violation of third-party privacy rights; or to store or transmit malicious code.
15. **After Termination.** Axon will not delete Agency Content for 90 days following termination. There will be no functionality of Axon Cloud Services during these 90 days other than the ability to retrieve Agency Content. Agency will not incur additional fees if Agency downloads Agency Content from Axon Cloud Services during this time. Axon has no obligation to maintain or provide Agency Content after these 90-days and will thereafter, unless legally prohibited, delete all Agency Content. Upon request, Axon will provide written proof that Axon successfully deleted and fully removed all Agency Content from Axon Cloud Services.
16. **Post-Termination Assistance.** Axon will provide Agency with the same post-termination data retrieval assistance that Axon generally makes available to all customers. Requests for Axon to provide additional assistance in downloading or transferring Agency Content, including requests for Axon's data egress service, will result in additional fees and Axon will not warrant or guarantee data integrity or readability in the external system.

18. **Survival.** Upon any termination of this Agreement, the following sections in this Appendix will survive: Agency Owns Agency Content, Privacy, Storage, Axon Cloud Services Warranty, and Axon Cloud Services Restrictions.

Master Services and Purchasing Agreement for Agency

Axon Customer Experience Improvement Program Appendix

1. **Axon Customer Experience Improvement Program (ACEIP).** The ACEIP is designed to accelerate Axon's development of technology, such as building and supporting automated features, to ultimately increase safety within communities and drive efficiency in public safety. To this end, subject to the limitations on Axon as described below, Axon, where allowed by law, may make limited use of Agency Content from all of its customers, to provide, develop, improve, and support current and future Axon products (collectively, "ACEIP Purposes"). However, at all times, Axon will comply with its obligations pursuant to the Axon Cloud Services Terms of Use Appendix to maintain a comprehensive data security program (including compliance with the CJIS Security Policy for Criminal Justice Information), privacy program, and data governance policy, including high industry standards of de-identifying Personal Data, to enforce its security and privacy obligations for the ACEIP. ACEIP has 2 tiers of participation, Tier 1 and Tier 2. By default, Agency will be a participant in ACEIP Tier 1. If Agency does not want to participate in ACEIP Tier 1, Agency can revoke its consent at any time. If Agency wants to participate in Tier 2, as detailed below, Agency can check the ACEIP Tier 2 box below. If Agency does not want to participate in ACEIP Tier 2, Agency should leave box unchecked. At any time, Agency may revoke its consent to ACEIP Tier 1, Tier 2, or both Tiers.
2. **ACEIP Tier 1.**
 - 2.1. When Axon uses Agency Content for the ACEIP Purposes, Axon will extract from Agency Content and may store separately copies of certain segments or elements of the Agency Content (collectively, "**ACEIP Content**"). When extracting ACEIP Content, Axon will use commercially reasonable efforts to aggregate, transform or de-identify Agency Content so that the extracted ACEIP Content is no longer reasonably capable of being associated with, or could reasonably be linked directly or indirectly to a particular individual ("**Privacy Preserving Technique(s)**"). For illustrative purposes, some examples are described in footnote ¹. For clarity, ACEIP Content will still be linked indirectly, with an attribution, to the Agency from which it was extracted. This attribution will be stored separately from the data itself, but is necessary for and will be solely used to enable Axon to identify and delete all ACEIP Content upon Agency request. Once de-identified, ACEIP Content may then be further modified, analyzed, and used to create derivative works. At any time, Agency may revoke the consent granted herein to Axon to access and use Agency Content for ACEIP Purposes. Within 30 days of receiving the Agency's request, Axon will no longer access or use Agency Content for ACEIP Purposes and will delete any and all ACEIP Content. Axon will also delete any derivative works which may reasonably be capable of being associated with, or could reasonably be linked directly or indirectly to Agency. In addition, if Axon uses Agency Content for the ACEIP Purposes, upon request, Axon will make available to Agency a list of the specific type of Agency Content being used to generate ACEIP Content, the purpose of such use, and the retention, privacy preserving extraction technique, and relevant data protection practices applicable to the Agency Content or ACEIP Content ("Use Case"). From time to time, Axon may develop and deploy new Use Cases. At least 30 days prior to authorizing the deployment of any new Use Case, Axon will provide Agency notice (by updating the list of Use Case at <https://www.axon.com/aceip> and providing Agency with a mechanism to obtain notice of that update or another commercially reasonable method to Agency designated contact) ("**New Use Case**").
 - 2.2. **Expiration of ACEIP Tier 1.** Agency consent granted herein, will expire upon termination of the Agreement. Notwithstanding the foregoing, Axon may limit usage after 5,000 minutes per user per month for multiple months in a row. Axon will not bill for overages.

1.3 OUT OF PROJECT SCOPE

Axon is only responsible for performing the professional services described within this SOW. Any additional professional services that are not defined explicitly by this SOW shall be done so through a Project Change Order. The following are considered outside the scope of this project:

- ▶ Administration, management, or support of any internal city, county, state, federal, or agency IT network or infrastructure
- ▶ Changes made by the agency or the agency's vendors after the Interface Requirements Documentation has been accepted
- ▶ Third-party products and services costs related to the vendors or agency's side of the integration
- ▶ Changes made by the agency after configuration is complete

2. PROFESSIONAL SERVICES

2.1 GENERAL

The agency provides a master charge table that Axon loads. Axon provides the appropriate structure to the agency.

2.2 REPORTING AND DATASTORE

- ▶ Axon configures and make available to the agency a read-only MS SQL DataStore containing all field and form data from the Axon Suite that allows the agency to utilize available data for reporting and analytical purposes.
- ▶ Axon provides the agency with a data dictionary and/or other appropriate documentation.
- ▶ If Axon provides reports for specific purposes as indicated, it is the responsibility of the agency to maintain them after Go-Live.

2.3 READINESS

- ▶ Axon works in partnership with the agency to determine readiness by conducting functional testing and an end-to-end system review. The Axon program manager and the agency project manager work closely together to plan and execute readiness scenarios.
- ▶ Axon conducts functional acceptance testing via use cases approved by Axon and the agency.
- ▶ All issues discovered during and after training are entered into the service portal for triage and follow-up.

2.4 TRAINING

Axon works with the agency to identify the agency trainers receiving instruction on the Axon Records, Standards, and/or Dispatch products. Axon provides a training guide that outlines the covered topics, intended audience, facility needs, and duration of the training.

FORMAT

Axon provides the agency with all the necessary training materials and digital assets to facilitate any of the training formats listed below.

Training sessions are conducted in an environment containing necessary configurations, forms, and workflows. Any additional training beyond the default method (Tier 1) is subject to adjustments in pricing. Contact your sales representative for more information.

It is the responsibility of the agency to deliver and update the training materials to include agency policies and procedures.

TIER 1: TRAIN THE TRAINER (DEFAULT)

Axon trains the agency's recommended users (no more than 12 depending on the size of the agency) in full system functionality. This is typically the agency's trainers, or training academy/FTO staff. The agency's trainers are responsible for training all agency end users. Axon provides all training materials for successful training and assists the agency's trainers in creating the course and training schedule.

TIER 2: HYBRID TRAINING

Includes everything in Tier 1, and Axon trainers continue to support (on-site or remote) for an additional week to provide support to the agency trainers.

TIER 3: END USER TRAINING

Axon trains all end users in role-specific system functionality on-site with instructor-led training facilitated by Axon trainers.

SCHEDULE :

The training plan contains an agreed-upon schedule that makes efficient use of time and resources to avoid undue staffing impacts on the agency. Training sessions occur after the User Acceptance Testing has been successfully completed and documented.

- Training sessions provided by Axon are conducted on consecutive weekdays (Tuesday-Friday) during normal business hours (9am-6pm with an hour break in between sessions).
- Training sessions required past the agreed-upon schedule in the training plan, regardless of delivery method, are the responsibility of the agency, unless agreed upon previously by the project team and training team management.

2.5 GO-LIVE

Axon works in partnership with the agency to build, coordinate, and execute a Go-Live plan to ensure successful system acceptance. Axon coordinates the Go-Live event.

3. DATA CONVERSION

Axon implements a structured methodology for converting data from the agency's legacy system to the product. The agency is responsible for providing Axon with extracted data in a format that can be used by Axon for import. The preferred method for delivering legacy data to Axon is by using the Microsoft Data Migration Assistant. The next best method is for the agency to send the data in .bacpac file format to Axon. If neither method is available, a direct query through the Microsoft Self Hosted Integration Runtime (SHIRt) can be used.

Axon queries the data to identify completeness, missing values, and other measures of data integrity across records and provides the agency with detailed findings. The agency may or may not elect to process the data further to address completeness or may have Axon move forward with the conversion process.

The data and operational expertise of the agency's staff are necessary for questions that arise. Thus, it is critical that a member of the agency's team be available to support the data conversion portion of the project.

This process is considered complete once the last set of data has been converted and available within the product and the agency has confirmed validation of the converted data. Axon does not provide ongoing maintenance of the converted data.

3.1 DESCRIPTION OF ROLES AND RESPONSIBILITIES BETWEEN THE AGENCY AND AXON:

The agency should be prepared to:

- ▶ Provide a subject-matter expert (SME) and provide availability for consultation throughout the project.
- ▶ Facilitate meetings with all third-party system vendors where data conversion is necessary, as required by Axon.
- ▶ Extract and provide the data to Axon in an agreed-upon format.
- ▶ Address data quality by the agency prior to provisioning to Axon.
- ▶ Minimize the amount of business logic and file processing prior to conversion where possible.
- ▶ Provide a data dictionary to define all elements of the legacy data.
- ▶ Provide an entity relationship diagram of the legacy database, if available.

- ▶ Collaborate with Axon to map the data from the legacy data structures and formats into the product.

Data conversion and data conversion reviews are critical to success. Throughout the data conversion, requirements planning, and review process, the agency project team and Axon data conversion project resource work closely together to ensure success.

3.2 AGENCY DATA CONVERSIONS

3.2.1 **IA Pro | Standards Data Conversion:** Axon will convert legacy data from IA Pro into Axon Standards.

3.3 DATA CONVERSION SPECIFICATIONS

The following checked items will be converted as part of the data conversion activities for this module. Preliminary issues identified with the data are listed in the conversion notes.

Note: Please provide a screen shot of the below checked items and number the fields on the screen shot accordingly. This aids Axon in locating the desired fields your agency wishes to convert from your current Standards/Use of Force module/s.

STANDARDS DATA CONVERSION:

STANDARDS MODULES	FIELD CONVERSION	FIELD/ ATTACHMENT	ATTACHMENT ONLY	DO NOT CONVERT
INTERNAL AFFAIRS INCIDENT	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
INTERNAL AFFAIRS ATTACHMENT	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
USE OF FORCE REPORT	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
USE OF FORCE ATTACHMENTS	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The conversion process imports master index records as part of the incidents, supplements, or use of force reports that are being converted into the Axon system.

3.4 LEGACY SOFTWARE UPDATES

During the data conversion process, Axon builds rules to govern the mapping of data from your legacy database into the Axon Standards. If your legacy vendor changes your legacy database structure during the data conversion project, the accuracy of the data conversion could be compromised.

3.5 GO-LIVE CONTINGENCY

The agency may Go-Live before the data conversion is complete. This does not relieve Axon from completing the data conversion, but the agency is charged upon using the software.

4. PROJECT MANAGEMENT

4.1 MANAGEMENT RESOURCES

Both parties assign a project manager to ensure completion of deliverables.

Axon's project manager ensures all team members from Axon and the agency are continually updated on the status of the project.

4.2 REQUIREMENTS PLANNING

All project requirements are documented during the kick-off and discovery phases of the project.

Once the agency and Axon agree on all requirements, Axon's project manager works with the agency's project manager to develop a project plan for Axon's implementation.

4.3 CHANGE CONTROL

If any changes in the project cause a material increase or decrease in fees, as determined by Axon, an adjustment in the fees will be agreed upon between the agency and Axon. All PCO forms must be approved and signed by the agency authority ([Attachment B](#)).

The agency acknowledges a proposed change request might have an impact on both scheduling and cost for the project that will be outlined in the PCO form.

4.4 PROJECT METHODOLOGY

Axon utilizes a hybrid approach to project management, utilizing aspects of both Agile and Waterfall methodologies. We use Waterfall for the overall project, with respect to major milestones. We utilize Agile during the configuration and build phases of the project.

4.5 MILESTONE COMPLETION REPORT (MCR)

Axon submits an MCR to the agency for approval upon completion of a milestone. Milestone Completion Report included ([Attachment A](#)).

Upon receiving an MCR, the agency has 14 calendar days to approve the milestone completion. If the agency has issues related to the milestone completion, the expectation is that the agency responds in writing to

Axon with any issues related to the MCR within the 14 calendar-day window.

5. AGENCY COMMITMENTS

- ▶ Ensure the reasonable availability for meetings, phone or email of knowledgeable staff and personnel to provide timely and accurate documentation and information to Axon.
- ▶ Identify holidays, non-workdays, or major events that may impact the project.
- ▶ Ensure agency desktop, mobile systems, and devices can access the product.
- ▶ Make available relevant systems if needed for assessment by Axon (including making these systems available to Axon via remote access, if possible).
- ▶ Provide Axon with remote access to the agency's Axon Evidence account when required.
- ▶ The agency agrees to pay for licenses upon completion of Go-Live.

6. SUPPORT

- ▶ Axon provides on-site Go-Live support the week the agency begins using the software.
- ▶ Axon provides updates and enhancements to the product, which the agency automatically receives.
- ▶ Axon provides the agency's end users with access to the help.axon.com support portal to submit and review service tickets.
- ▶ Following final acceptance, the agency utilizes Axon support via my.axon.com for any further modifications to the product.
- ▶ For technical support assistance, the agency may contact a technical support representative at 800-978-2737, or via email at Support@Axon.com. Online, email-based support and remote-location troubleshooting are included on an ongoing basis as part of the agency's investment in the Axon ecosystem. Phone support is available 24/7.
