Is It just me...So let me guess...It was the pathetic Parks Advisory Committee who " approved" a dog park at M.G. This is why we will not " force myself and our Board to entertain their General Services controlled Committee. It isn't really an unbiased group of citizens for the better of Mooney Grove or ANY County Parks..A County Supervisor who promised if she was elected would " Do everything in her power to restore and repair the park." More like EVERYTHING for the Museum. What happened to the " Lily Pond Project ?This was HER project ?? The 5 year plan to wait for a \$450k FARCE of a grant aka County's estimate has resulted now in a 7 year plan. In 3 years their " plan" has resulted in fundraising of \$6.48. She is up for rejection, (oops darn spell check) reelection. What has she and pathetic Advisory Committe done for the park ? BASICALLY NOTHING !! AND IT SHOWS...Till now...New Park Management Albert and Park personnel are the one's getting things done !! But the B.S. decisions of grants, which one's can be used for " other than intended, and projects the public doesn't want is out of his hands...That's where we come in, along with County Supervisors. General Serviced and pathetic Advisory Committee Do not own the park...AND TIME IS UP...They are all fired...or up for rejection..oops I mean reelection !! Lots of luck...They need it!!
